EXPERIENCE

SENIOR SOFTWARE ENGINEER @ FEEDME — JUL 2026-PRESENT

TECHNICAL LEAD @ GETRIGHT DIGITAL — NOV 2025-JUL 2026

- Led **technical delivery** across various projects, providing **architectural direction**, conducting code reviews, establishing development practices, and **mentoring developers** to maintain engineering quality and improve team delivery.
- Collaborated with cross-functional teams to translate business requirements into **scalable solutions**, resolve technical challenges, coordinate feature delivery, and support **technical decision making** throughout development.

SENIOR SOFTWARE ENGINEER @ GETRIGHT DIGITAL — APR 2024-NOV 2025

- Developed core modules for **ANSA**, an insurance and fintech super app built with **React Native with Expo** for **iOS** and **Android**, delivering features across quotation requests, payments, policy management, claims, investments, and more.
- Continued contributing to the **Sime Darby Property App** with greater ownership of feature delivery and technical implementation, supporting property management and mall services.

SOFTWARE ENGINEER @ GETRIGHT DIGITAL — FEB 2023-APR 2024

- Played a key role in developing the **Sime Darby Property App** with **React Native** for **iOS** and **Android**, supporting property owners through progress billing, construction updates, document access, defect reporting, and key handover, as well as public users through mall directories, promotions, vouchers, and events.
- Contributed to the development and enhancement of **Skillsture**, a cross-platform livestream training platform for **Web**, **iOS**, and **Android**, using **React, Flutter, MongoDB, Express**. Integrated **Stripe API** for payments and **Zoom SDK** for livestreaming, enhancing interactivity and user experience.

FULL STACK DEVELOPER INTERN @ FUSIONETA — AUG 2022-JAN 2023

- Assisted in the development and ongoing maintenance of codebases for Altomate and multiple other projects.
- Designed and built a **CI/CD pipeline** using **GitHub Actions and Google Firebase**, automating build and deployment processes across multiple environments for **Altomate** and other projects, improving development efficiency and reliability.

SKILLS

PROGRAMMING LANGUAGES

JavaScript, TypeScript, HTML, CSS, Dart, Python

LIBRARIES & FRAMEWORKS

React, Next.js, Tailwind CSS, Angular, React Native, Flutter, Node.js, Express, Hono, GraphQL

CLOUD & DATABASES

AWS, Google Cloud, Heroku, Firebase, MongoDB, MySQL, PostgreSQL

AI, DEVOPS & TOOLS

Claude Code, Codex, Cursor, GitHub, GitLab, Docker, Postman, Figma, Bitrix24

EDUCATION

BACHELOR'S DEGREE @ BEIHANG UNIVERSITY, CHINA — 2019-2023

- Majoring in Computer Science and Technology, achieved CGPA of 3.62, scholarship recipient four consecutive years.

PROJECTS

TECHCONCEPT — FULL STACK DEVELOPER — JUN 2023-JUN 2025

Spearheaded the development of **TechConcept**, an e-commerce platform integrating seamlessly with **CommercePay, Fiuu, and Payex** for secure payments. Implemented an intuitive admin dashboard with advanced user role management, including a clock-in/out and leave system for precise employee tracking. The platform also features dynamic content management for updates and user-friendly shopping features, contributing to an enhanced overall user experience. **(React, Firebase, Node.js, Express, Google Cloud & Maps Platform)**

SECONDS BOOTH — FULL STACK DEVELOPER — DEC 2023-MAR 2024

Contributed to the development of **Seconds Booth**, leveraging **React, Express, and AWS Lambda**. Integrated **iPay88** for seamless QR code payments, enhancing the efficiency of the pre-payment process for users engaging with the photo booth services. **(React, AWS Lambda, Node.js, Express)**
